ZODIAC SIGNS & PERSONALITY
A CELESTIAL GUIDE TO SELF-
DISCOVERY

WHAT ARE ZODIAC SIGNS?

INTRODUCTION

Zodiac signs are part of astrology, an ancient system that connects the position of the sun at your birth with your personality and behavior. There are 12 zodiac signs, each linked to specific dates and one of four elements – Fire, Earth, Air, or Water. Your zodiac sign, also called your sun sign, is believed to reflect your core traits, emotions, and even your compatibility with others. While not scientific, many people use zodiac signs as a fun and meaningful way to understand themselves and others.

CONCLUSION: USING ASTROLOGY FOR PERSONAL GROWTH

- ASTROLOGY IS A TOOL FOR SELF-REFLECTION, NOT JUST FUTURE PREDICTION.
- HELPS YOU UNDERSTAND YOUR PERSONALITY, EMOTIONS, AND BEHAVIOR.
- ENCOURAGES YOU TO EMBRACE YOUR STRENGTHS AND WORK ON YOUR WEAKNESSES.
- PROMOTES SELF-AWARENESS, BALANCE, AND EMOTIONAL GROWTH.
